Do you want your kids to spend more time outdoors and less time on screens? Sign them up for this after school program designed to connect kids to nature and spark an interest in the natural world.

Students spend **90 minutes playing games and learning about Manitoba’s animals, plants, climate, trees, soil** and more in the school yard or nearby greenspace.

This **six week outdoor program** incorporates **inquiry and hands-on learning**, stations, and group games with a focus on conservation and connecting children to nature.

The program was developed by a **certified classroom teacher** and is tied to the Manitoba curriculum.

We can accommodate a maximum of 25 students per session. This program is open for grades 2 through 6.

CPAWS Environmental After School Program

The host school is required to provide a teacher supervisor on-site and an outdoor greenspace. In the case of adverse weather, an indoor movement space is required. Outreach and promotional materials are provided to the host school to send to parents.

CPAWS Program
Once per week for a six week block during the school year. Open to grades 2 through 6.

Program Cost
$65 plus tax per child

Past Experiences
"I was hoping to foster a love of nature in my child. This was absolutely achieved!"

"I feel children need to be well rounded. I was excited to see something not sports driven offered."

"Great program and hopefully it will be available each year!"

Only 12 spots available for the 2022/23 school year

More than 7,000 students and children have benefitted from nearly 400 CPAWS Manitoba outdoor learning workshops and activities at schools and daycares across Manitoba from May 2021 to October 2022.

We look forward to helping many more children connect to nature in the years to come.
